

JOIN THE NETWORK

The Illinois Premature Infant Health Network (IPIHN) brings together physicians, hospitals and community and health organizations to increase quality health care access for premature infants and their families in Illinois. As increased premature births affect more and more families, especially those with lower incomes, IPIHN is examining the resources available to families once they leave the NICU.

The Network seeks your participation and we hope you will join us in improving the outcomes of Illinois' premature infants. Our charter members include:

- ▶▶ March of Dimes
- ▶▶ Illinois Chapter, American Academy of Pediatrics
- ▶▶ Health and Disability Advocates
- ▶▶ Consortium for Children with Medically Complex Needs
- ▶▶ Division of Specialized Care for Children

Yes, I/we support and encourage efforts to improve the outcomes for premature infants born in Illinois and would like to be added as a member of the Illinois Premature Infant Health Network.
